**ST. LOUIS MARKET—Dec. 25th, 1847.**  
**WHEAT.**—The receipts for the past week have been very small, amounting to 800 sacks. The sales amount to 5,000 to 6,000 bushels, the bulk of which was from store, at 95c. to \$1 per bushel. The stocks in store being pretty nearly exhausted, and orders for the Ohio river still remaining on hand unfilled, we are of opinion that large lots of prime would readily command 102½ to 105c. Our millers appear to be tolerably well supplied from wagons at 95c. to \$1 per bushel, and together with previous stocks, are enabled to continue grinding. We quote mixed and Spring, 87½ a 90c.; fair to good, 92½ a 95c.; prime, 95 a \$1 per bushel.

**Flour.**—The receipts for the past week have not been large. We have heard of no sales. The stocks of country flour on hand at present appear to be small, and those of City will not, as far as we can learn, exceed 5000 barrels, most of which appear to be going forward. We quote choice country brands at \$5 12½ to \$5 25; City Mills, \$5 50 to \$5 75 per barrel.

**Corn.**—There is none arriving except in wagons, which is taken for home consumption, at 25 to 30c. per bushel.

**Oats.**—There has been none upon the market, although large lots would meet ready sale. We hear of small sales for home consumption, at 28 to 30c. per bushel.

**Barley.**—The market is bare of this article, and inquiry limited. We quote prime new at 40 a 42c.; old 30 a 35c. per bushel.

**Rye.**—There is none coming in, except in small lots, by wagons, which are taken at 40 to 43c. Large lots would readily command 45 a 48c. per bushel.

**Provisions.**—We have not been able to learn of any transaction in pork or beef. There appears to be a tolerable fair demand for lard, but the views of holders appear to be above those of buyers, consequently sales have been limited. We noticed but one sale, say 100 barrels prime, 54c. We quote prime 51 a 54c.; inferior, 5 a 54c. per lb.

**Hogs.**—Have not arrived as freely since our last, which has caused holders to be more firm, and we notice a slight advance in price. We have heard of sales of about 2,500 head at \$2 50 a \$2 62½, which prices buyers are freely offering, although holders ask \$2 75 a \$3. Beef cattle are also in pretty good demand at, say choice, \$3 75 a \$4; inferior \$2 75 a \$3.

**A MEDICINE FOR ALL SEASONS.**—Wright's Indian Vegetable Pills suit all complaints and all ages, and may be taken at all times, and under all circumstances, with perfect safety. They are natural to the human constitution as food; and while they do not injure even the most delicate, there is scarcely a malady in the whole catalogue of human ills, but will yield to their influence.

Wright's Indian Vegetable Pills thoroughly cleanse the stomach and bowels from bilious and putrid humors, and purify the blood; and are, therefore, certain to drive pain or distress of every description from the body.

**BEWARE OF COUNTERFEITS.**—THE ONLY ORIGINAL AND GENUINE INDIAN VEGETABLE PILLS HAVE THE SIGNATURE OF WILLIAM WRIGHT WRITTEN WITH A PEN ON THE TOP LABEL OF EACH BOX. None other is genuine, and to counterfeits this is forgery. The genuine is for sale by SWITZLER & SMITH, sole agents for Fayette; D. C. CHAMFORD, Champion's Mill; J. B. CARROLL & Co., Glasgow; F. L. REDDING, Keytesville; M. T. ATKINS, Brunswick; and wholesale and retail by HENRY BLACKLEY, St. Louis. Office and general depot, 169 Race Street, Philadelphia.

As one of the firm will leave Fayette, we hope those indebted, either by note or account, will see the necessity of prompt payment. After a month or two an agent will be employed to collect all balances then unpaid, which will be both expensive and unpleasant to the parties. The books and notes will be left in the hands of J. Riddlebarger, at the old stand. Either partner is authorized to settle the business of the firm.

**THE GREAT POPULAR MEDICINE**  
**OF THE DAY.**

**Vast amount used per month—The numerous and Wonderful Cures it effects—Its Magical effect upon Bilious Fevers, and Fever and Ague—Great Excitement among the Doctors!!**

**THE INDIAN QUEEN VEGETABLE SUGAR COATED PILLS** are now admitted, on all hands, to be the most extraordinary and valuable medicine in general use. It not only acts as a specific upon the Bilious and Typhus Fevers, Chills and Fever, and Fever and Ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all diseases prevalent in a western and southern climate. Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this lies the great secret of their success. They are mild and pleasant in their action, but searching and permanent in their effect; penetrating the remotest recesses of the system by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired all over the west and south ensures sales of at least

**50,000 Boxes Per Month,**  
And we find it difficult, with our large force of hands and the late improvements in machinery which we have adopted, to manufacture them fast enough to supply the demand in thirteen western and southern States! One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 selling agents, and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than

10,000 cases of Fever and Ague, one thousand of which have resisted all other treatment;  
4,500 cases of Bilious Fever;  
5,800 do weakness and general debility;  
2,500 do various Chronic diseases;  
2,000 do weak stomach and loss of appetite;  
800 do Dyspepsia;  
1,200 do Rheumatism;  
1,000 do Female Complaints;  
1,200 do Ague Cane or enlarged Spleen;  
1,500 do Liver Complaint;  
500 do Scarlet Fever;  
400 do Typhus Fever;  
300 do Putrid Sore Throat.

This must appear almost incredible, but the numerous letters from physicians, agents, and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the place of the various sugar-coated counterfeits which are so often, and the numerous tonic mixtures, made wholly of quinine, which are imposed upon the public, manufacturers who live, nobody knows where!

Dr. Briggs' famous Sugar Coated Indian Queen Vegetable Pills are of two kinds—the Cathartic and Tonic. The Tonic pills are peculiarly adapted to the quick and permanent cure of Fever and Ague, torpor of the Liver, and general debility. It is in Fever and Ague, Chills Fever, &c., that they achieve their greatest triumphs. It rarely requires over twelve hours, or more than half a box of the tonic pills to break the chills and cause a permanent cure—which is rarely the case with the tonic mixtures of quinine, hawked about the country by ignorant pretenders. Those who take the tonic pills once, will never forsake them.

Who can wonder, that a medicine of such extensive popularity and extraordinary virtues should cause

**Great Excitement among the Doctors!**  
The prejudices of physicians against their use are at last giving way to the play of reason, and convictions of every-day experience which they derive from their patients and friends who use them.

Doctors are now almost every day sending orders from every part of the country for a supply of these pills to their practice.

Here is one all the way from the State of Mississippi, just received. Let Doctors and the sick look to it, and hasten to procure a supply of this wonderful Tonic:

BEACH GROVE, TITPAH CO., MISS.,  
July 19th, 1847.  
To Dr. Briggs, St. Louis, Mo.:  
Dear Sir—I have to inform you that I have used all your Tonic Pills, and therefore pray you to send me another supply immediately, as there is much fever and ague within the bounds of my practice, and I hardly know how to satisfy and cure my patients without them.

I have thoroughly tested your tonic pills in my practice thro' this country, not only in chills and fever, but in real typhoid fever, and have met with such success from their use that I now find myself at a great loss to get along without them. I consider them a great blessing to the people of the West and South, and I am satisfied that they are important in the cure of more diseases than you recommend them for.

Don't fail to forward me a supply by mail, as quickly as possible, directed as above.  
Very respectfully yours,

This pocket is closed with an elastic cord, and makes a rich and attractive finish to the hat.
